(From e-mail, Lori Boudro)

As discussed, I've reserved a room at the Planning Office, 109 N. Front Street. (Just north of City Hall on Front St. in the old Columbia Gas building.)

To re-cap our conversation, we are in receipt of the Commission's letter requesting planning assistance. The SW area has been added to our list of pending planning requests. The meeting on 8/16 is the next step. It will give Planning staff an opportunity to learn about the concerns in your community that have prompted you to ask for a plan. We've found it very helpful, if beforehand, a list of planning issues and concerns is generated for discussion. The list need not be anything formal. Often these lists identify problems and changes (both "good" and "bad").
